

TYPO3.TYPO3CR - Bug # 3819

Status:	Resolved	Priority:	Should have
Author:	Karsten Dambekalns	Category:	FLOW3 Persistence
Created:	2009-07-02	Assigned To:	Karsten Dambekalns
Updated:	2011-05-05	Due date:	
Subject:	Objects in SplObjectStorage are stored over and over again		
Description			
<p>When an object inside an SplObjectStorage is stored (at least when using a reference), it will be stored again whenever the source property is dirty.</p> <p>This doesn't cause problems on reading, as the object will be reconstituted only once and SplObjectStorage stores only distinct instances, but - it's a waste of space, extremely unclean and needs to be fixed.</p> <p>Might apply to objects in arrays, too.</p>

Revision 0d99bcda - 2009-08-21 17:42 - Karsten Dambekalns

[+BUGFIX] TYPO3CR (FLOW3 Persistence): objects in a SplObjectStorage are now no longer stored again when their parent property is dirty, fixes #3819.

History

#1 - 2009-08-21 17:42 - Karsten Dambekalns

- File *TYPO3CR_Problem_bei_BlogExample.pdf* added

Another effect of this has been described by Robert, see attached PDF (german, sorry).

#2 - 2009-08-21 18:00 - Karsten Dambekalns

- Status changed from *Accepted* to *Resolved*

- % Done changed from 0 to 100

Applied in changeset r3086.

#3 - 2011-05-05 17:12 - Robert Lemke

- Target version deleted (197)
