Testing - Bug # 3822

Status:	Resolved	**Priority:**	Should have
Author:	Bastian Waidelich	**Category:**	
Created:	2009-07-02	**Assigned To:**	Karsten Dambekalns
Updated:	2010-10-20	**Due date:**	
Subject:	Testrunner executes tests of inactive packages		
Description			

The package selector in FLOW3s testrunner displays inactive packages. And when "run all tests" is selected, tests from inactive packages are executed.
This is a feature not a bug I'd say. The problem: The autoloader does not work for classes of inactive packages.
