TYPO3.Neos - Task # 38284

Status:	New	**Priority:**	Should have
Author:	Karsten Dambekalns	**Category:**	JavaScript
Created:	2012-06-22	**Assigned To:**	
Updated:	2012-06-22	**Due date:**	
Subject:	Improve exception handling		

Description

As recognized with https://review.typo3.org/12030 something like in https://gist.github.com/2966975 should be added:

```
function TYPO3Exception(message, code) {
  this.message = message;
  this.code = code;
  this.toString = function() {
    return this.message + ' (#' + this.code + ')';
  };
}
throw new TYPO3Exception('error message', 123456789);
```

Maybe add a wrapper function like Ember.assert with a syntax like Ember.assert({message: 'error message', code: 123456789}, false);
