

TYPO3 CMS Usability Team - Suggestion # 38735

Status:	Needs Feedback	Priority:	Should have
Author:	Ingo Renner	Category:	Design
Created:	2012-07-07	Assigned To:	Lars Zimmermann
Updated:	2013-06-27	Due date:	
Tags:			
Subject:	Improved style for preview notice		
Description			
<p>The current notice/hint/warning that you're viewing a preview of a website is quite old.</p> <p>It'd be cool if we had a newer, more nice hint.</p> <p>Suggestion in the discussion was to have a bar on top of the page. The bar should be striped like in the backend when in a workspace. However, instead of having yellow stripes for a workspace we could imagine red stripes. The bar should not be hiding the website itself.</p> <p>A screenshot of the current notice is attached: preview.png</p>

History

#1 - 2012-07-07 21:17 - Jens Hoffmann

- *Category changed from Interface to Design*
- *Status changed from New to Accepted*

Good point.

#2 - 2012-08-03 21:55 - Felix Kopp

Could someone please create a layout?

Color?

Notice text?

Position?

#3 - 2012-08-08 11:54 - Felix Kopp

This could be done before feature freeze on 14th.

Could anyone create a layout please?

#4 - 2012-09-11 19:27 - Felix Kopp

Is there any feedback or layout for the preview band?

I would like to offer to realize that.

#5 - 2012-09-12 14:20 - Jens Hoffmann

- Status changed from Accepted to Needs Feedback
- Assigned To set to Lars Zimmermann
- Priority changed from Should have to Could have

This should be in Lars hands, as he designed the Workspace Modul.

#6 - 2013-06-22 16:41 - Felix Kopp

I would like to implement this during the dev days in few weeks. How can we finalize the concept?

#7 - 2013-06-27 14:06 - Ernesto Baschny

- Priority changed from Could have to Should have
- Target version set to TYPO3 6.2 LTS

Yes, let's have it done. @Lars, it looks easy: do you have a suggestion?
