Status:	Resolved	Priority:	Should have

Subject:	Newly created section nodes are not published with the "Publish Page" Button		
Description			
Use Phoenix Demo page			
> Go to an empty page that shows the "Add new Content" Button			
> Add new content			
> publish			
> nothing seen			
Inspecting the database will show you that the content element you created is now in live workspace but the section node is still in the user workspace so nothing is to be seen...
