Updated:	2012-08-09	**Due date:**	
Has patch:	Yes		
Subject:	Implement reserved variables returning their intended representation		
Description			

currently, in Fluid there are reserved variables anyway, like true, false, on, off etc.
Enable accessing these values with {true}, {false} etc. to retrieve their intended value they're representing.

[FEATURE] Reserved variables represent their meaning when accessing

All reserved variables, ie true, false, on, off etc. now represent

their intended value when accessing them.

Change-Id: I46bc3b2fac05106cc3ec80bffb7d011e18534f29
Resolves: #39410
