

TYPO3.Flow - Bug # 39439

Status:	Resolved	Priority:	Must have
Author:	Joachim Mathes	Category:	Session
Created:	2012-08-01	Assigned To:	Robert Lemke
Updated:	2012-12-12	Due date:	
PHP Version:			
Has patch:	No		
Complexity:			
Affected Flow version: FLOW3 1.0.0			
Subject:	PHP Session lifetime		
Description			
Hello Robert,			
as discussed on the phone, there is an issue with FLOW3's session lifetime. FLOW3 uses the PHP Session, by default. Thus, session behaviour is influenced by the php.ini configuration. Therefore, the session garbage collector removes sessions every 24 minutes (based on some probability parameters). And it seems, that up to now TYPO3.FLOW3.session.inactivityTimeout doesn't set the session.gc_maxlifetime of PHP to make longer session lifetimes possible.			
Best regards			
Joachim			

History

#1 - 2012-08-27 10:23 - Karsten Dambekalns

- Project changed from *TYPO3 Flow Base Distribution* to *TYPO3.Flow*

#2 - 2012-08-27 10:24 - Karsten Dambekalns

- Category set to *Session*

- Has patch set to *No*

#3 - 2012-12-12 08:40 - Karsten Dambekalns

- Status changed from *New* to *Resolved*

- Target version set to *2.0 beta 1*

- % Done changed from *0* to *100*

The PHP session is no longer used.
