TYPO3.Flow - Feature # 39792

Status:	Resolved	**Priority:**	Should have
Author:	Robert Lemke	**Category:**	I18n
Created:	2012-08-14	**Assigned To:**	Karsten Dambekalns
Updated:	2012-12-10	**Due date:**	
PHP Version:	5.3		
Has patch:	No		
Complexity:	medium		
Subject:	Implement support for localized resources		

Description
The feature of localized is already documented in The Definitive Guide (sic!) but not yet implemented: The ``ResourceViewHelper`` will by default use locale-specific versions of any resources you ask for. If you want to avoid that you can disable that: {f:uri.resource(path: 'header.png', localize: 0)}
