Subject:	Allow oneliners for throw statements		
Description			
The FLOW3 CGL allows oneline if statements if a throw statement is used: http://flow3.typo3.org/documentation/codingguidelines/php.html#if-statements			
For this the sniffing should be loosened a bit to allow the oneliners in those cases

- Status changed from New to Needs Feedback

This topic should be discussed first, because it is not part of TYPO3v4 CGL yet. It is not forbidden nor allowed like in FLOW3 CGL. Please open a report at http://forge.typo3.org/projects/typo3v4-doc_core_cgl/issues.

I don't see why this should be discussed first as I ask for adding the rules to the FLOW3 ruleset.

More important, we spoke about this rule in Copenhagen and we'll probably remove the exception from the cgl. This would mean this issue can be closed. I'll update this issue as soon as I'm sure we'll change the cgl.

It is indeed decided to remove this exception, so this one can be closed. We will update the CGL on our website.

- *Status changed from Needs Feedback to Closed*

- *Assigned To set to Andy Grunwald*

As Rens mentioned the affected change (<https://review.typo3.org/#/c/15806/>) was merged.

This ticket is not needed anymore.
