

TYPO3.Flow - Bug # 40802

Status:	Accepted	Priority:	Should have
Author:	Kay Strobach	Category:	- Documentation -
Created:	2012-09-10	Assigned To:	Karsten Dambekalns
Updated:	2014-03-20	Due date:	
PHP Version:			
Has patch:	No		
Complexity:	no-brainer		
Affected Flow version: FLOW3 1.1.0			
Subject:	Documentation mistake (authentication)		
Description			
Hello guys,			
on http://flow3.typo3.org/documentation/guide/partiii/security.html#using-the-authentication-controller			
There is a mistake in the documentation:			
- flow3/authenticate should be flow3/authentication			
Regards			
Kay

- Category set to - Documentation -

This part of the documentation needs to be rephrased anyway. Since last week (<https://review.typo3.org/#/c/14377/>) the default AuthenticationController is deprecated and you should implement your own based on the AbstractAuthenticationController.

Thanks for noticing!

#3 - 2012-09-12 09:52 - Karsten Dambekalns

- Tracker changed from Task to Bug

- Target version set to 1.1.1

- Affected Flow version set to FLOW3 1.1.0

Yes, but for 1.1 it still needs to be fixed.

I checked out the patch and i've seen, that I implemented exactly the same in my own Authentication controller :D (and I'm working with FLOW3 since 3 days)
