Currently all *.ts2 files on a certain level of the directory structure are included - in no particular order.

Either these should be included alphabetically, so you can number them, or only the whole structure should be changed like so:

```
TypoScripts/  
Nodes/  
  About/  
    Phoenix.ts2  
    About.ts2  
    Home.ts2  
Library/  
  GenericStuff.ts2  
  OtherStuff.ts2  
  CustomTypes.ts2
```
