#### #1 - 2012-09-18 09:48 - Robert Lemke

- Project changed from Base Distribution to TYPO3.TypoScript

Currently namespaces defined in any TypoScript file are registered globally. We should refactor the parser and the TypoScript Service in TYPO3.TYPO3 to work with a file-based scope only, because certain TypoScript templates may rely on certain namespaces.

#### #2 - 2012-09-20 12:00 - Sebastian Kurfuerst

- Parent task changed from #40934 to #41098
