Updated:	2012-09-25	**Due date:**	
Subject:	check why hiding content does not work for two-colum elements; unhide does change CSS class back in all cases		
Description			
extra: check that hidden elements are not displayed in preview mode.			

History

#1 - 2012-09-25 14:07 - Sebastian Kurfuerst

- Subject changed from check why hiding content does not change its appearance either in Safari or on phoenix.typo3.org website. (low-prio, as it works in chrome / demo site) to check why hiding content does not work for two-colum elements; unhide does change CSS class back in all cases

- Assigned To set to Sebastian Kurfuerst

- Priority changed from Could have to Should have

#2 - 2012-09-25 14:24 - Sebastian Kurfuerst

- Status changed from New to Accepted

#3 - 2012-09-25 14:28 - Sebastian Kurfuerst

Hm, weird. cannot reproduce this one :-/

#4 - 2012-09-25 14:32 - Sebastian Kurfuerst

- Status changed from Accepted to Rejected

probably there was some JS error which prevented further changes? for me, the following works:

  - in preview, hidden elements are not visible
  - two-column and single elements can be made hidden; the change is directly reflected in the UI.
  - un-hiding also works.
  - that also all works for newly created elements; they can be directly hidden / unhidden.

All tested under Chrome in Mac OS X
