TYPO3.Flow - Bug # 41496

Status:	New	**Priority:**	Must have
Author:	Martin Ebeling	**Category:**	Resource
Created:	2012-10-01	**Assigned To:**	
Updated:	2012-10-01	**Due date:**	
PHP Version:			
Has patch:	No		
Complexity:			
Affected Flow version: FLOW3 1.1.0			
Subject:	Upload identical Resources, deleting fails		
Description			

If you have models where you can attach/upload Resources the deletion will fail.
Due to a Foreign key constraint in typo3_flow3_resource_resource the resourcepointer is inserted multiple times.

When you try to delete the model the resourcepointer can not be deletet because its still available in the resource table due to the connection of the same hash to the typo3_flow3_resource_resource.

My Idea for fixing it adding the system time to the hash.
