Subject:	Enable extenisions with BE modules don't refresh the module list

Description

When installing an extension with BE modules through the new extension manager, the left frame with modules is not refreshed.

How to test:
- Uninstall Help>About
- See that it is still listed on the left (clicking will show a error)
- Refresh the BE
- Install Help>About ext
- No module is visible on the left

[BUGFIX] Enable extenisions with BE modules don't refresh the module list

When installing an extension with BE modules through the new

extension manager, the left frame with modules is not

refreshed. An accordant call to the module menu widget needs

to be triggered in those cases.
