| <b>Affected Flow version:</b> Git master                                                                                                             |                                                                           |                     |           |
| <b>Subject:</b>                                                                                                                                      | Proxyclasses are not rebuild in Development context unless cache is empty |                     |           |
| <b>Description</b>                                                                                                                                   |                                                                           |                     |           |
| Proxy classes that are missing in the cache are not rebuild, unless the cache is completely flush                                                    |                                                                           |                     |           |
| Experienced with 81a506011016e2d5091022800c9a509e6c0ac79e                                                                                            |                                                                           |                     |           |
| I think this has been introduced quite recently, probably with <a href="https://review.typo3.org/#/c/15580/">https://review.typo3.org/#/c/15580/</a> |                                                                           |                     |           |

### History

#### #1 - 2012-10-17 20:57 - Christian Jul Jensen

So I tried removing <https://review.typo3.org/#/c/15580/>, and it did not solve the problem, so apparently it wasn't introduced there.

#### #2 - 2012-10-17 20:58 - Christian Jul Jensen

- Subject changed from *Proxyclasses are not partially rebuild in Development context* to *Proxyclasses are not rebuild in Development context unless cache is empty*

#### #3 - 2012-12-12 09:20 - Karsten Dambekalns

- Target version changed from *2.0 beta 1* to *2.0*

#### #4 - 2012-12-13 12:35 - Karsten Dambekalns

- Affected Flow version changed from *Git 1.2 (master)* to *Git master*

#### #5 - 2013-08-14 15:35 - Karsten Dambekalns

- Target version changed from *2.0* to *2.0.1*
