<b>Subject:</b>	Menu/Sitemap for "recently updated pages" shows pages not yet published live				
<b>Description</b>					
Menu/Sitemap for "recently updated pages" in FE shows pages as changed, but they are not yet published live. If I edited pages in workspace, the menu for recently updated pages shows in Frontend the page as recently updated. However, it has not yet been published to Live, but it is signaled already as "recently updated". This leads to confusion by the users.

**Revision 2b9d49be - 2015-06-30 18:33 - Romain Leleu**

[BUGFIX] SYS\_LASTCHANGED is only updated if page is viewed in live or no workspace

The SYS\_LASTCHANGED field was updated whenever which workspace was loaded, leading to SYS\_LASTCHANGED being updated while no content was published yet.

This patch changes this behavior by updating SYS\_LASTCHANGED only if page is viewed from the live workspace or no workspace at all.

Resolves: #42158

Releases: master
