

Core - Task # 43085

Status:	New	Priority:	Could have
Author:	Stefan Neufeind	Category:	Image Generation
Created:	2012-11-18	Assigned To:	
Updated:	2015-01-26	Due date:	
TYPO3 Version:	4.5		
PHP Version:			
Complexity:	easy		
Sprint Focus:			
Subject:	Rename setting im_version_5 to something more appropriate		
Description	<p>That setting is still called "im_version_5" although we don't support version 5 any longer and it's also used to signal TYPO3 to use "gm" instead. That should be renamed to something more appropriate and maybe more "general".</p> <p>(as discussed with a few mails around 30th October 2012 on typo3-core-ML)</p>

History

#1 - 2012-11-19 09:19 - Patrick Broens

- *Category set to Image Generation*
- *Complexity set to easy*

#2 - 2014-02-08 12:53 - Tomasz Krawczyk

We can use ImageMagick or GraphicsMagic so, I would suggest to change its name to "gp_version" - as an abbreviation from "graphics processor version".

#3 - 2015-01-26 15:21 - Mathias Schreiber

- *Priority changed from Should have to Could have*
- *Target version changed from 6.1.0 to 7 LTS*

I wonder if there is a priority like "When forge is empty and we have nothing else to do" ;-)
