Has patch:	No		
Subject:	Allow ResourceViewHelper to accept resource:// paths		
Description			
<p>with I92dccba6b5acd623ff33eb538e62d0682f00b95e / https://review.typo3.org/#/c/13647/, the uri argument of the resource ViewHelper was removed. However, it turned out that there is still the need of a way to use resource://... uris for pointing to resources.</p> <p>Talking on IRC with Karsten and Aske, we said the already present path argument should be extended to accept also resource://.. uris.</p>
