

## Core - Bug # 43509

<b>Status:</b>	Closed	<b>Priority:</b>	Should have		
<b>Author:</b>	Adrian Dymorz	<b>Category:</b>			
<b>Created:</b>	2012-12-02	<b>Assigned To:</b>			
<b>Updated:</b>	2012-12-05	<b>Due date:</b>			
<b>TYPO3 Version:</b>	6.0				
<b>PHP Version:</b>	5.3				
<b>Complexity:</b>					
<b>Is Regression:</b>					
<b>Sprint Focus:</b>					
<b>Subject:</b>	"Migrate all file relations from tt_content.image and pages.media" fails on missing file				
<b>Description</b>	<p>Trying to run the "Upgrade Wizard" part "Migrate all file relations from tt_content.image and pages.media" i get the error message "Oops, an error occurred!" shown in the T3 standard FE error screen.</p> <p>Looking at the "Administration log" I see the following errors:</p> <pre>23:25:51      [0]@LIVE      [5]      [0]      Core: Exception handler (WEB): Uncaught TYPO3 Exception:   TYPO3\CMS\Core\Resource\Exception\FileDoesNotExistException thrown in file /home/adrianfi/typo3source/typo3_src-6.0.0/typo3/sysex/core/Classes/Resource/Driver/AbstractDriver.php in line 399. Requested URL: <a href="http://adrian.dymorz.ch/[testdir]/typo3/install/index.php?TYPO3_INSTALL[type]=update">http://adrian.dymorz.ch/[testdir]/typo3/install/index.php?TYPO3_INSTALL[type]=update</a> 23:25:51      [0]@LIVE      [5]      [0]      Core: Error handler (BE): PHP Warning: rename(/home/adrianfi/public_html/adriandymorzch/[testdir]/uploads/pics/Blaue_Berge.jpg,/home/adrianfi/public_html/adriandymorzch/[testdir] /[testdir]/fileadmin/_migrated/pics/Blaue_Berge.jpg): No such file or directory in /home/adrianfi/typo3source/typo3_src-6.0.0/typo3/sysex/install/Classes/Updates/TceformsUpdateWizard.php line 198</pre> <p>The error looks obvious, the file seems to be missing. I wonder why a missing file breaks the whole migration process.</p>

### History

#### #1 - 2012-12-02 12:28 - Andreas Wolf

I guess this will be fixed by the patch for issue #42882. Could you test this one and give feedback in Gerrit? I'd like to get this fixed for 6.0.1.

#### #2 - 2012-12-02 22:28 - Adrian Dymorz

Thank you for your reply. I just tested the patch for issue #42882. With this patch applied, the error I reported is solved.

#### #3 - 2012-12-02 22:38 - Stefan Neufeind

On gerrit in review for #42882 it was mentioned that the fix under review there seems to also fix this issue here. Please consider in tests or when finally closing these bugs.

#### #4 - 2012-12-05 10:53 - Dmitry Dulepov

- Status changed from New to Closed

Duplicate of #42882.
