

TYPO3.Flow - Task # 43930

Status:	Needs Feedback	Priority:	Should have
Author:	Karsten Dambekalns	Category:	
Created:	2012-12-12	Assigned To:	Sebastian Kurfuerst
Updated:	2012-12-18	Due date:	
Sprint:			
PHP Version:			
Has patch:	No		
Complexity:			
Subject:	Remove canRender() completely?!		
Description	Since it is no longer used by Flow, can canRender() be removed completely? Seems pretty useless as it is...

History

#1 - 2012-12-18 15:09 - Bastian Waidelich

- Status changed from *New* to *Needs Feedback*
- Assigned To changed from *Bastian Waidelich* to *Sebastian Kurfuerst*

I'd like to get Sebastians opinion on that.. From my point of view it could be removed, yes.
