

TYPO3.Party - Bug # 44196

Status:	Resolved	Priority:	Should have
Author:	Mattias Nilsson	Category:	
Created:	2012-12-22	Assigned To:	Mattias Nilsson
Updated:	2013-03-26	Due date:	
Affected Flow version: Flow 2.0.0 beta 1			
Subject:	Missing the possibility to get a list of all available electronic types and usage types.		
Description			
When trying to get all the electronic types and usage types, there is no method to get them as a list.			
My suggestion is to add two methods for getting the necessary data:			
public function getAllElectronicAddressTypes() {}			
public function getAllUsageTypes() {}			
both should be added to class ElectronicAddress {}
