

## TYPO3.Flow - Bug # 44280

<b>Status:</b>	Resolved	<b>Priority:</b>	Should have
<b>Author:</b>	Tarcisio Fedrizzi	<b>Category:</b>	- Migrations -
<b>Created:</b>	2013-01-03	<b>Assigned To:</b>	Karsten Dambekalns
<b>Updated:</b>	2013-01-15	<b>Due date:</b>	
<b>PHP Version:</b>			
<b>Has patch:</b>	Yes		
<b>Complexity:</b>	no-brainer		
<b>Affected Flow version:</b> (any)			
<b>Subject:</b>	Git core:migration check for applied version fail		
<b>Description</b>			
<p>When I migrate a package for the changes introduced in the code I get the following error:</p> <pre>Applying TYPO3.FLOW3-201201261636 fatal: Invalid object name 'Migration'. Migrating Package.Name No changes were committed.</pre> <p>-----</p> <p>Notes</p> <p>-----</p> <p>* \TYPO3\FLOW3\MVC\Web\RequestBuilder does not exist anymore. If you need to create requests, do "new ActionRequest(\$parentRequest)".</p> <p>...</p> <p>I tracked down the problem to the migration script Git.php. The problem is in the grep parameter specified without the = operator. The attached patch solves the problem.</p>

#### Revision a898458d - 2013-01-14 11:50 - Karsten Dambekalns

[BUGFIX] Fix git error with "core:migrate --status" command

Obviously there are some different ways git handles the --grep option to the log command. This changes should make it work everywhere, and uses the syntax actually spelled out in the help text.

Change-Id: Ie8689158d30732e537f74c09d55141e20510ce4e

Fixes: #44280

Releases: master, 2.0, 1.1

## **History**

---

### **#1 - 2013-01-09 12:07 - Karsten Dambekalns**

- Status changed from *New* to *Needs Feedback*
- Assigned To set to *Karsten Dambekalns*

What Git version are you using? And under what OS/shell combination?

### **#2 - 2013-01-10 09:38 - Tarcisio Fedrizzi**

Here are the info:

- GIT version: 1.7.2.5
- OS: Debian Squeeze 6.0
- Shell: /bin/bash version 4.1.5

About the grep option the manpage for git says:

```
--grep=<pattern>
```

Limit the commits output to ones with log message that matches the specified pattern (regular expression).

I've checked more recent version (1.8.1) manpage and the value for the grep option is still specified to be used with the = operator.

### **#3 - 2013-01-14 11:49 - Karsten Dambekalns**

- Status changed from *Needs Feedback* to *Accepted*
- Target version set to *2.0*

### **#4 - 2013-01-14 11:51 - Karsten Dambekalns**

- Status changed from *Accepted* to *Under Review*

See <https://review.typo3.org/17518>

**#5 - 2013-01-15 10:38 - Karsten Dambekalns**

- Status changed from *Under Review* to *Resolved*

- % Done changed from 0 to 100

Applied in changeset commit:dee953cb80b6e05af25c29ec5895b7ec758394e1.
