Subject:	When contentTypeSelectorTabs is open the right t3-inspector is placed on top		
Description			
When contentTypeSelectorTabs is open the right t3-inspector is placed on top. This makes it impossible for the user to select the different kinds of content types.

[BUGFIX] The contentTypeSelectorTabs is not fully visible

When contentTypeSelectorTabs is open the right t3-inspector is placed on top. This results in that the content types are not fully visible

Due to a position absolute setting in jquery popup the z-index is set to 10001. The setting is found in jquery.popover.js on line 282.

Change-Id: I4f14380367b11bad4602a7acb622106917d87abb
Fixes: #44667
