<b>PHP Version:</b>			
<b>Has patch:</b>	No		
<b>Complexity:</b>	no-brainer		
<b>Subject:</b>	Add support for doctrine's 'indexBy'-annotation in FlowAnnotationDriver		
<b>Description</b>			
<p>There is a nice feature for indexing doctrine's collections (One-To-Many &amp; Many-ToMany). See <a href="http://docs.doctrine-project.org/projects/doctrine-orm/en/latest/tutorials/working-with-indexed-associations.html">http://docs.doctrine-project.org/projects/doctrine-orm/en/latest/tutorials/working-with-indexed-associations.html</a></p> <p>It would be nice if Flow's annotation would transport this annotation as well.</p> <p>Many thanks!</p>

[BUGFIX] Properly support doctrine's indexBy attribute

Doctrine allows an indexBy attribute at OneToMany and ManyToMany relations. The current FlowAnnotationDriver removes this attribute.

This patch passes it forward again.

Functional tests are included.
