| **Affected Flow version:** | | | |
| **Subject:** | Core ComponentObjectBuilder: Create test for different types of constructor arguments | | |
| **Description** | | | |

Currently only simple types are tested for constructor injection and probably no test exists for the optional constructor argument feature with types like array etc.

## History

**#1 - 2007-03-20 18:14 - Robert Lemke**

*- Status changed from New to Closed*

*- Sprint set to fixed*

(In r195)

- Core: Added some tests for injection of straight values via constructor- and setter injection. Some bugs which appeared were fixed right away. Fixes #45.
