PHP Version:			
Has patch:	No		
Complexity:			
Subject:	Make static resource URI generation available outside of Fluid		
Description			

The ResourcePublisher does only have a method to get the static resources web base URI (getStaticResourcesWebBaseUri). To resolve resource://... URIs outside of Fluid the functionality of the ResourceViewHelper has to be duplicated.

The ResourcePublisher should get a method getStaticResourceWebUri(...) to resolve the URI inside the resource publisher.
