TYPO3.Flow - Bug # 45249

Status:	New	**Priority:**	Must have
Author:	Martin Brüggemann	**Category:**	- Documentation -
Created:	2013-02-07	**Assigned To:**	
Updated:	2013-02-07	**Due date:**	
PHP Version:			
Has patch:	No		
Complexity:			
Affected Flow version: Flow 2.0.0 beta 1			
Subject:	Update composer project-create command listing		

Description

The composer create-project command like described at http://docs.typo3.org/flow/TYPO3FlowDocumentation/Quickstart/Index.html doesn't work for me (Mac OS X, zsh). It seems that the --dev option isn't recognized. Maybe it's better to define it by using the longer notation:

OLD

composer create-project --dev --keep-vcs typo3/flow-base-distribution Quickstart 2.0.0

NEW

composer create-project -s dev --keep-vcs typo3/flow-base-distribution Quickstart 2.0.0
