

TYPO3.Flow - Bug # 45623

Status:	New	Priority:	Should have
Author:	Peter Beernink	Category:	- Documentation -
Created:	2013-02-19	Assigned To:	Rens Admiraal
Updated:	2013-02-21	Due date:	
PHP Version:			
Has patch:	No		
Complexity:			
Affected Flow version: Flow 2.0.0 beta 1			
Subject:	SQL error when calling TYPO3.Blog Setup controller		
Description			
<p>When following the steps in the documentation, an SQL error is raised when calling the Setup controller at TheDefinitiveGuide/PartII/Controller.</p> <p>This is caused by the linkTitle not being allowed to be NULL.</p> <p>So either the check in the setTitle() / getLinkTitle() should be changed to if (empty(\$this->linkTitle)) or the link title should be set to an empty string by default.</p>
