TYPO3.Flow - Bug # 45917

Status:	New	**Priority:**	Should have
Author:	Dominique Feyer	**Category:**	MVC - Routing
Created:	2013-02-28	**Assigned To:**	
Updated:	2014-02-17	**Due date:**	
PHP Version:			
Has patch:	No		
Complexity:			
Affected Flow version:	Git master		
Subject:	RoutePartHandler transliteration must be improved		
Description			

It's related to #8736, I know that the transliteration is currently not in the l18n part of Flow, but the current pseudo transliteration currently in RoutePartHandler is really german friendly ;)

I propose a path to use iconv to offer better transliteration, when the l18n transliteration is ready we can switch to it.
