<b>Has patch:</b>			
<b>Complexity:</b>			
<b>Affected Flow version:</b>			
<b>Subject:</b>	Reflection service broken		
<b>Description</b>			
<p>Since r3183 FLOW3s reflection service seems to be broken. in F3\FLOW3\Reflection\Service::reflectEmergedClasses() we iterate through registered classes and call buildClassSchemata() for all classes tagged as entity or valueobject. The problem isClassTaggedWith(\$className, 'entity') will always return FALSE cause the Service is not initalized at that time.</p>
