TYPO3.Flow - Feature # 47075

Status:	New	**Priority:**	Should have
Author:	Sören Rohweder	**Category:**	Resource
Created:	2013-04-09	**Assigned To:**	
Updated:	2013-05-21	**Due date:**	
PHP Version:			
Has patch:	No		
Complexity:			
Subject:	Make Exception more meaningful		

Description

When requiring a resource with the resource:// protocol and the Resource Folder appears in the Path the Exception should mention that the Resource folder should be removed from path or the path should be resolved without "Resource" in it again.

Now only an exception is thrown stating that the resource could not be found and for new users this is not really obvious why.

History

#1 - 2013-05-21 13:18 - Robert Lemke

- Category set to Resource

- Target version set to 2.1

#2 - 2013-05-21 13:28 - Robert Lemke

- Target version deleted (2.1)
