- Target version set to 2.0

Sounds like the ObjectManager should just omit this - if it finds an object "DependencyProxy" there's no need to call its shutdown method, because it hasn't even been initialized. Actually cool optimization ...

#2 - 2013-05-21 13:06 - Robert Lemke

- Status changed from New to Accepted

- Target version changed from 2.0 to 2.0.1
