

TYPO3.Flow - Feature # 47339

Status:	Needs Feedback	Priority:	Could have
Author:	Alexander Berl	Category:	Http
Created:	2013-04-18	Assigned To:	Alexander Berl
Updated:	2013-05-21	Due date:	
PHP Version:			
Has patch:	No		
Complexity:			
Subject:	Allow RequestHandlers to get the current Request injected		
Description			
<p>As a proxy service, I want to provide my own eager RequestHandler which might modify the request headers depending on some conditions and then forward that request to the default RequestHandler.</p> <p>One solution could be to add an optional \$request parameter to the handleRequest() function, which is used when given and else a new request is created from the environment.</p>			

History

#1 - 2013-04-18 18:38 - Gerrit Code Review

- Status changed from New to Under Review

Patch set 1 for branch **master** has been pushed to the review server.

It is available at <https://review.typo3.org/20028>

#2 - 2013-05-21 13:05 - Robert Lemke

- Status changed from Under Review to Needs Feedback

- Assigned To set to Alexander Berl
