TYPO3 Flow Base Distribution - Bug # 47638

Status:	New	Priority:	Should have
Author:	Carsten Bleicker	Category:	
Created:	2013-04-27	Assigned To:	
Updated:	2013-04-27	Due date:	

Affected Flow version:	Git master		
Subject:	Delete a ValueObject by its identity		

Description

having a controller action wich receives a valueobject by get arguments:

&myValueObject['__identity']=abcdef

this results in an exception: Creation not allowed?

the arguments are generated by <f:link.action ... arguments="{myValueObject:myValueObject}">

if it is an entity anything works as expected.
