

TSconfig - Task # 47749

Status:	New	Priority:	Must have
Author:	Chris topher	Category:	
Created:	2013-04-30	Assigned To:	
Updated:	2014-03-19	Due date:	
Subject:	Update documentation of options.clearCache.clearRTECache		
Description			
<p>The documentation of options.clearCache.clearRTECache needs an update and options.clearCache.clearLangCache needs to be added.</p> <p>It seems like options.clearCache.clearRTECache was removed. Instead this option is now called options.clearCache.clearLangCache . See #39103. (Also see here, slide 28)</p> <p>Check if the property options.clearCache.clearRTECache is still used at other places or if it really was removed everywhere.</p> <ul style="list-style-type: none">- mark options.clearCache.clearRTECache as removed or document that its behaviour changed (depending on what it is) in TYPO3 6.1 and- add documentation for options.clearCache.clearLangCache- add the change to the section "What's new" as it is a breaking change

History

#1 - 2013-09-26 18:56 - Christian Kuhn

This issue is obsolete if #52312 is merged.

Instead, option options.clearCache.clearRTECache documentation should be marked as removed, it is obsolete and unused.

#2 - 2014-03-19 09:26 - Francois Suter

- Priority changed from Should have to Must have

I can confirm that "clearLangCache" does not need to be added, since it was removed again.

As for "clearCacheRTE", it was removed in TYPO3 CMS 4.7. This should be mentioned in the manual.
