Subject:	Publish menu
Description	

Implement a publish menu with options for just publishing the current page and a dropdown menu for options like "Publish all changes", "Publish lock", etc.

We need a way to distinguish if there's unpublished changes or not. By making the button green and changing the label to "Published" when there are no unpublished changes, it is clear easier for the user to know that they need to publish their changes.

Subtasks:	
Feature # 49933: Add "Publish all changes" option	**Resolved**
Bug # 49936: Auto-publish functionality behaves inconsistently	**Resolved**
