[TASK] Put site root node into TypoScript context

The site root node is now available as "site" in the TypoScript context. This allows to formulate Eel expressions starting from the site to target first level pages.

To make testing of the TypoScriptView easier a small refactoring is done to create the Runtime through the TypoScriptService.

Change-Id: I04512bb8d6d77fe8e3547010652a744790eaed2a  
Resolves: #48276

### History
