TYPO3.Flow - Bug # 486

Status:	Resolved	**Priority:**	Should have
Author:	Robert Lemke	**Category:**	Object
Created:	2008-04-29	**Assigned To:**	Robert Lemke
Updated:	2010-10-20	**Due date:**	

PHP Version:	
Has patch:	
Complexity:	
Affected Flow version:	
Subject:	Configuration from Components.php is not merged among different packages

Description

The situation: Package A configures some component of package B. If the configuration of package B is processed after that of package A (in F3_FLOW3), all information from package A is lost because the configuration is not merged but replaced.

Associated revisions

Revision a38bb9ca - 2008-04-30 17:38 - Robert Lemke

- FLOW3: (Component) Configuration from Components.php are now merged, also across different packages. Fixes #486.
- FLOW3: (MVC) Fixed a bug in the Action Controller tests (mock class name started with "Mock_").
- FLOW3: (AOP) The proxy class cache is now disabled by default in Development context.
