<b>Subject:</b>	Install tool: Better UX for fould out sections			
<b>Description</b>	<p>Some sections in new install tool can be folded out (Test setup -&gt; the image tests -&gt; Headline) and more important: All configuration -&gt; sections. See screenshots.</p> <p>This should get some UX improvement to hint users those by default collapsed areas can be extended. Maybe use little grey arrows in front of the according headlines as is already done in the reports module...</p>
