

TYPO3.Flow - Bug # 49372

Status:	New	Priority:	Should have
Author:	Andreas Wolf	Category:	
Created:	2013-06-24	Assigned To:	
Updated:	2013-06-24	Due date:	
PHP Version:			
Has patch:	No		
Complexity:			
Affected Flow version: Git 2.0			
Subject:	ObjectConverter ignores implemented interface when mapping subtype		
Description			
<p>When a method has a parameter that is annotated with an interface, the ObjectConverter cannot map classes implementing this interface to the parameter. The error message is</p> <p style="padding-left: 40px;">The given type "MyPackage\Domain\Model\MyTerm" is not a subtype of "SynSystems\Contracts\Domain\Model\Term"</p> <p>The reason is that the inheritance chain check in <code>getTargetTypeForSource()</code> is only done for classes, but not for the interface.</p>
