

Core - Bug # 49538

Status:	Resolved	Priority:	Must have
Author:	Martin Borer	Category:	File Abstraction Layer (FAL)
Created:	2013-07-01	Assigned To:	
Updated:	2014-03-17	Due date:	
TYPO3 Version:	6.2		
PHP Version:			
Complexity:			
Is Regression:	No		
Sprint Focus:			
Subject:	No references displayed in filelist for "internal_type" -> "file_reference" TCA fields		
Description			
<p>Filereferences are not added correctly for TCA-Fields group->file_refernces like:</p> <pre>'single_fileref' => array('exclude' => 0, 'label' => 'LLL:EXT:mb_fileref/locallang_db.xml:tx_mbfileref_file.single_fileref', 'config' => array('type' => 'group', 'internal_type' => 'file_reference', 'allowed' => "", 'disallowed' => 'php,php3', 'max_size' => \$GLOBALS['TYPO3_CONF_VARS']['BE']['maxFileSize'], 'show_thumbs' => 1, 'size' => 1, 'minitems' => 0, 'maxitems' => 1,)),</pre>			
<p>The files selected in such fields, has no entries for this fields in Ref-Column (Filelist module).</p> <p>Tested with Typo3 6.0, 6.1, 6.2 (master)</p> <p>Attached a small testextension.</p>

Associated revisions

Revision 1dcb94c3 - 2013-10-07 12:39 - Martin Borer

[BUGFIX] Fields of type file_reference are not properly indexed

sys_refindex entries for TCA-fields of type group->file_reference are not correct. The fields ref_table and ref_uid are not filled. This results in a wrong number of references in the Ref column of the Filelist module and prevents a warning that a resource is still

in use when deleting it.

Resolves: #49538

Releases: 6.2, 6.1, 6.0

- *Is Regression set to No*

Can you please describe here how I can test that properly?
What does you extension help with?

Please tell us a "click path" in the BE.

#9 - 2013-09-18 14:15 - Martin Borer

Ho to test this Issue:

1. Add a **Filereference Test** record to a Folder-Page
2. Select a file in one of the two first fields (**Single file reference** or **Multiple file reference**)

- for example: fileadmin/user_upload/index.html

3. Save Record

4. Click **Filelist** Modul and browse to the folder where you've selected the file.

- for example: fileadmin/user_upload/

5. The selected file should have an entry in **Ref** Column. In Typo3 6.x this entry is missing. So if you want to delete this file, there will be no warning, that the file is referenced somewhere.

With the patch 21764 this will be fixed, and there will be a Ref. Entry for such referenced files.

#10 - 2013-09-18 14:53 - Markus Klein

Note that the patch only affects newly created file_references.

Hence to test this before and after the patch, you have to do step 2 of the guideline above again.

#11 - 2013-09-18 23:31 - Gerrit Code Review

Patch set 7 for branch **master** has been pushed to the review server.

It is available at <https://review.typo3.org/21764>

#12 - 2013-10-07 12:42 - Gerrit Code Review

Patch set 1 for branch **TYPO3_6-1** has been pushed to the review server.

It is available at <https://review.typo3.org/24448>

#13 - 2013-10-07 12:43 - Gerrit Code Review

Patch set 1 for branch **TYPO3_6-0** has been pushed to the review server.

It is available at <https://review.typo3.org/24449>

#14 - 2013-10-07 13:30 - Martin Borer

- Status changed from *Under Review* to *Resolved*

- % Done changed from 0 to 100

Applied in changeset commit:a7da230928f37a70d658119dbddff3bcd4b1bf6b.

#15 - 2014-02-14 15:02 - Andreas Moeller

Is it possible that the same Bug still exists for FlexForm file_reference ?

Tested with Typo3 6.1.7

#16 - 2014-03-17 13:56 - Marc Bastian Heinrichs

@Andreas, jep: see #56991
