<b>TYPO3 Version:</b>	6.2		
<b>PHP Version:</b>			
<b>Complexity:</b>			
<b>Sprint Focus:</b>			
<b>Subject:</b>	sys_file_reference checkbox default		
<b>Description</b>			
<p>Discussed at T3DD during UX FAL workshop there is a need to set better defaults.</p> <p>Adding files into content element should inherit the sys_file metadata by default. Currently the checkbox to override sys_file values with sys_file_reference values is checked. The checkbox should be <b>unchecked</b> by default.</p> <p>Working with input field should follow the definition from issue in UX team.</p>
