

## TYPO3.Fluid - Feature # 49756

<b>Status:</b>	Under Review	<b>Priority:</b>	Should have
<b>Author:</b>	Simon Schaufelberger	<b>Category:</b>	
<b>Created:</b>	2013-07-07	<b>Assigned To:</b>	
<b>Updated:</b>	2014-03-25	<b>Due date:</b>	

**Has patch:** No

**Subject:** Select values by array key in checkbox viewhelper

### Description

my model:

```
class Model {
    protected $groups;

    public function getGroups() {
        $groups = array();
        foreach ($this->groups as $group) {
            $groups[\TYPO3\Flow\Reflection\ObjectAccess::getProperty($group, 'Persistence_Object_Identifier', TRUE)] = $group;
        }
        return $groups;
    }
}
```

my controller:

```
public function viewAction(\My\Package\Domain\Model\Member $member) {
    $groups = $this->groupRepository->findAll();
    $this->view->assign('member', $member);
    $this->view->assign('groupList', $groups);
}
```

my view:

```
<f:form action="editGroups" name="member" object="{member}">
    <f:for each="{groupList}" as="groupItem">
        <label class="checkbox inline">
            <f:form.checkbox property="groups" value="{groupItem -> f:format.identifier()}" /> {groupItem.name}
        </label>
    </f:for>
</f:form>
```

now what's not possible is to just assign the groups (a m:n-relation) to the checkbox because in the checkbox viewhelper the **value** is compared instead of the **array key** with `in_array`.

This patch also compares the array keys.

### History

**#1 - 2013-07-07 01:56 - Gerrit Code Review**

- Status changed from *New* to *Under Review*

Patch set 1 for branch **master** has been pushed to the review server.

It is available at <https://review.typo3.org/22085>

**#2 - 2013-07-07 01:58 - Gerrit Code Review**

Patch set 2 for branch **master** has been pushed to the review server.

It is available at <https://review.typo3.org/22085>
