

TYPO3.Neos - Task # 49927

Work Package # 45020 (Closed): Content Editing Stability and Features

Story # 45973 (Closed): As a content editor I want improved image handling

Subject:	Remove image caption alignment		
Description	<p>Since aligning the image caption can be done with the inline editor, there's no need for having a option for that in the inspector.</p> <p>Aloha behaves a little weird concerning alignment. If there's a p tag it will add the style, but if there isn't it doesn't do anything</p>
