TYPO3.Neos - Bug # 50278

Status:	Closed	**Priority:**	Must have
Author:	Carsten Bleicker	**Category:**	
Created:	2013-07-22	**Assigned To:**	
Updated:	2014-10-02	**Due date:**	
Subject:	Cut and Paste Nodes from one Content Section to another section disables further content creation		
Description			

If you cut and paste a node from one section to another the create/delete/copy/etc. options disappear.

Kind regards
Carsten Bleicker

History

I can confirm that with Alpha 6:

Cut a node on the page Features from one block and paste into another column. The node could be moved back again after that (also a reload doesn't help here). There was an exception (Ext Direct) that a node with that name already exists. But I wasn't able to reproduce it the same way after that.

#2 - 2014-10-02 12:22 - Jonas Renggli

- Status changed from New to Closed

Can't reproduce under Neos 1.1

If the problem still exists please open an issue on https://jira.typo3.org/
