

TYPO3.Neos - Bug # 50981

Status:	Closed	Priority:	Should have
Author:	Lorenz Ulrich	Category:	
Created:	2013-08-09	Assigned To:	
Updated:	2014-10-01	Due date:	
Subject:	If multiple pages are added in the tree at once, not all of them are existing		
Description			
<p>Persisting a change in the page tree takes some time at the moment. But the interface allows to add another page before the page that was added before is persisted. Therefore the last added page is only existing in the tree, but not in the database.</p>
