

Core - Bug # 51651

Status:	Closed	Priority:	Should have
Author:	Rolf Hofmann	Category:	Backend User Interface
Created:	2013-09-02	Assigned To:	
Updated:	2014-02-21	Due date:	
TYPO3 Version:	6.2		
PHP Version:			
Complexity:			
Is Regression:	No		
Sprint Focus:			
Subject:	Translated record shows title of relation in default language		
Description			
Problem:			
When creating/editing a translated record in the backend with a relation, the title of the relation is shown in default language even if a translation for the related record exists.			
Expected:			
When creating/editing a translated record in the backend with a relation, the title of the relation is shown in the same language if exists.
