Subject:	FE showing TYPO3 Exception: #1375955684: You are not allowed to access the given folder (RTE Magic Images)		

Description

Pages with content elements containing RTE images located in folder '/uploads' showing the exception 'TYPO3 Exception: #1375955684: You are not allowed to access the given folder' after uügrading to TYPO3 6.0.9.

[x] Workaround
Commenting out line #1867 in file typo3/sysext/core/Classes/Resource/ResourceStorage.php seems to solve this problem:
// $this->assureFolderReadPermission($folder);

I had no further time to dig deeper into the problem as I'd to fix a live site.
