[BUGFIX] Execute after stage tasks application independent

An after stage task for any application is executed before a task specific for an application. This change fixes that by changing the order of the loops through the stage steps and the applications.

This is practically non-breaking since nobody should have relied on that behaviour.

Change-Id: Ieb592c9a77e719646cdd23bd6adf3b0c9ff3d6d4

Fixes: #52033

History

#1 - 2013-09-16 12:04 - Gerrit Code Review

Patch set 1 for branch **master** has been pushed to the review server.

It is available at <https://review.typo3.org/23849>

#2 - 2013-09-16 12:29 - Gerrit Code Review

Patch set 2 for branch **master** has been pushed to the review server.

It is available at <https://review.typo3.org/23849>
